

**RESOLUTION NO. 2020-267**

**WHEREAS**, in December 2019, a novel coronavirus, now designated Coronavirus disease 2019 (COVID-19), was detected in Wuhan City, Hubei Province, China; and

**WHEREAS**, on March 13, 2020, the Mayor of the City of Waco and the Waco-McLennan County Public Health District ("Health District") continued to urge persons to cancel, reschedule, and/or not attend gatherings attended by more than 250 people and made other recommendations regarding social distancing; and

**WHEREAS**, on March 16, 2020, the CDC lowered the recommended number of persons at mass gatherings to 10 persons; and

**WHEREAS**, on March 17, 2020, Mayor Kyle Deaver issued a declaration of local disaster and public health emergency after determining that extraordinary and immediate measures had to be taken to respond quickly to prevent and slow down community spread of COVID-19; and

**WHEREAS**, on March 19, 2020, Mayor Deaver, McLennan County, and Governor Abbott issued orders, prohibiting social gatherings in excess of 10 people; and

**WHEREAS**, on March 22, 2020, the Governor issued orders dealing with hospital care during this crisis; and

**WHEREAS**, at his March 22, 2020 press conference, the Governor acknowledged that the urban centers may need to enact more stringent measures to address this public health emergency and stated that he would applaud the cities for doing so; and

**WHEREAS**, on March 23, 2020, Mayor Deaver modified the local state of disaster and public

health emergency to require sheltering at home; and

**WHEREAS**, on March 24, 2020, the Mayor and the City Council renewed, restated, and continued the local state of disaster and public health emergency until April 7, 2020; and

**WHEREAS**, on March 31, 2020, the Mayor and the City Council renewed, restated, and continued the local state of disaster and public health emergency until April 21, 2020; and

**WHEREAS**, on April 14, 2020 by Resolution No, 2020-247, the Mayor and the City Council renewed, restated, and continued the local state of disaster and public health emergency until April 30, 2020; and

**WHEREAS**, on April 17, 2020, the Governor issued several executive orders, including Executive Order GA 16, which allows non-essential, retail businesses to reopen at 12:01 a.m. on Friday, April 24, 2020, for pick up, delivery by mail, and delivery to the customer's doorstep; and

**WHEREAS**, Executive Order GA 16 was a statewide order that applied in the City of Waco, on April 21, 2020, by Resolution No. 2020-263, the Mayor and the City Council renewed, restated, and continued the local state of disaster and public health emergency, and modified the Order in compliance with the Governor's order; and

**WHEREAS**, as of April 27, 2020, there are 25,297 persons confirmed to have COVID-19 in Texas, with 87 of those residing in McLennan County; and

**WHEREAS**, as of April 27, 2020, 663 Texans have died from COVID-19, four of whom resided in McLennan County; and

**WHEREAS**, as of April 27, 2020, there are only 13 active, COVID-19 cases in McLennan County; and

**WHEREAS**, on April 27, 2020, Governor Abbott issued several executive orders, including Executive Order GA 18, which begins a phased re-opening of Texas businesses; and

**WHEREAS**, the City is modifying its order to be in compliance with the Governor's order; and

**WHEREAS**, because of the risk of the rapid spread of the virus, the need to protect the most vulnerable members of the community, the intent to ensure that the maximum number of people self-isolate in their places of residence to the maximum extent feasible, while enabling essential services to continue, and the desire to slow the spread of COVID-19 to the maximum extent possible, this Order is required; and

**WHEREAS**, this Order is issued based on evidence of increasing occurrence of COVID-19 within the City and throughout the Central Texas area, scientific evidence and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and

COVID-19 specifically, and evidence that the age, condition, and health of a significant portion of the population of the City places it at risk for serious health complications, including death, from COVID-19; and

**WHEREAS**, making the problem worse, some individuals who contract the COVID-19 virus have no symptoms or have mild symptoms, which means they may not be aware they carry the virus; and

**WHEREAS**, because even people without symptoms can transmit the disease, and because evidence shows the disease is easily spread, gatherings can result in preventable transmission of the virus; and

**WHEREAS**, the scientific evidence shows that at this stage of the emergency, it is essential to slow virus transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed. One proven way to slow the transmission is to limit interactions among people to the greatest extent practicable. By reducing the spread of the COVID-19 virus, this Order helps preserve critical and limited healthcare capacity in the City; and

**WHEREAS**, local health officials, the local hospitals, and the Health District are all calling for this action to flatten the curve of the virus transmission, and have warned that not taking action could result in the medical resources of McLennan County being overcome; and

**WHEREAS**, a declaration of local disaster and public health emergency includes the ability to reduce the possibility of exposure to disease, control the risk, promote health, compel persons to undergo additional health measures that prevent or control the spread of disease, including isolation, surveillance, quarantine, or placement of persons under public health observation; and

**WHEREAS**, the City Council has determined that extraordinary and immediate measures must be taken to respond quickly to prevent and slow down community spread of COVID-19; and

**WHEREAS**, the City Council finds that it is in the public interest to authorize additional authority as described herein pursuant to the Texas Disaster Act of 1975, as amended, Vernon's Texas Government Code, and provide rules to protect the health of persons in the City pursuant to the Texas Government Code, as amended, and the Texas Health and Safety Code,

**NOW, THEREFORE, BE IT RESOLVED AND ORDERED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF WACO, TEXAS:**

7. All businesses with a facility in the City, except Essential Businesses and Re-Opened Businesses as defined below in Section 9, are required to cease all activities at facilities located within the City except Minimum Basic Operations, as defined in Section 9. For clarity, businesses may also continue operations consisting exclusively of employees or contractors performing activities at their own residences (i.e., working from home). To the greatest extent feasible, Essential Businesses and Re-Opened Businesses should comply with Social Distancing Requirements as defined in Section 9 and "Texas Helping Texans: The Governor's Report to Open Texas of April 27, 2020" and as amended by the Governor (hereafter referred to as the "Open Texas Report").

- v. To care for a family member or pet in another household.

But people at high risk of severe illness from COVID-19 and people who are sick are urged to stay in their residence to the extent possible except as necessary to seek medical care.

b. For purposes of this Order, individuals may leave their residence to work for or obtain services at any "Healthcare Operations" including hospitals, clinics, dentists, pharmacies, pharmaceutical, and biotechnology companies, other healthcare facilities, healthcare suppliers, home healthcare services providers, mental health providers, or any related and/or ancillary healthcare services. "Healthcare Operations" also includes veterinary care and all healthcare services provided to animals. This exemption shall be construed broadly to avoid any impacts to the delivery of healthcare, broadly defined. "Healthcare Operations" does not include fitness and exercise gyms and similar facilities.

c. For purposes of this Order, individuals may leave their residence to provide any services or perform any work necessary to the operations and maintenance of "Essential Infrastructure," including, but not limited to, construction, airport operations, water, sewer, gas, electrical, oil refining, roads and highways, public transportation, solid waste collection and removal, internet, and telecommunications systems (including the provision of essential global, national, and local infrastructure for computing services, business infrastructure, communications, and web-based services), provided that they carry out those services or that work in compliance with Social Distancing Requirements as defined this Section, to the extent possible.

d. For purposes of this Order, all first responders, emergency management personnel, emergency dispatchers, court personnel, and law enforcement personnel, and others who need to perform essential services are categorically exempt from this Order. Further, nothing in this Order shall prohibit any individual from performing or accessing "Essential Governmental Functions," as determined by the governmental entity performing those functions. Each governmental entity shall identify and designate appropriate employees or contractors to continue providing and carrying out any Essential Governmental Functions. All Essential Governmental Functions shall be performed in compliance with Social Distancing Requirements as defined in this Section, to the extent possible.

e. For the purposes of this Order, covered businesses include any for-profit, non-profit, or educational entities, regardless of the nature of the service, the function they perform, or its corporate or entity structure.

f. For the purposes of this Order, "Essential Businesses" means every business listed by the U.S. Department of Homeland Security (DHS) in its Guidance on the Essential Critical Infrastructure Workforce, Version 3.0 or any subsequent version, plus religious services conducted in churches, congregations, and houses of worship. Other essential services may be added to this list with the approval of the Texas Division of Emergency Management (TDEM). For Reopened Services having a 25% occupancy restriction, it is the business owner and/or operator's obligation and duty to assure that the occupancy restriction is not exceeded. Failure to do so is a violation of this Order.

h. For the purposes of this Order, "Minimum Basic Operations" include the following, provided that employees comply with Social Distancing Requirements as defined this Section, to the extent possible, while carrying out such operations:
